Subject: Echo Lake Boat Ramp Improvements

Hi Bud and Karen,

I'm writing to share the timeline for the boat ramp improvements at Echo Lake/Pascoag Reservoir. A press release with complete information on the project will be going out shortly. Preparation of the site, which is located on Brandy Brook Road in Glocester, will begin next week. DEM will post the attached FAQ sign to inform users of the upcoming construction. The boat ramp will remain open to the public during the weeks of October 8 and October 15. Beginning on October 22, the boat ramp will be closed for construction. The project is expected to be completed by mid-December.

I welcome your input on how to get this information out to users and am also happy to answer any questions.

Best,
Emily
